

We can do that!

General Purpose Medium Voltage Transformers (601 to 15,000V)

- 15kVA to 750kVA
- Single or Three Phase
- Aluminum or Copper
- Voltages to 15,000V
- 50 or 60 Hertz
- BIL ratings thru 95kV
- Temperature Rises:
80°C, 115°C, 150°C

Skillfully Designed

Current technology yields a dry type transformer that is fully equal to its mineral oil insulated counterpart. Dry types excel in several important aspects. They can be located indoors without the use of a fireproof vault or special catch basins, on roofs, near buildings, or anywhere within an industrial or commercial building.

Industry standards have been developed to give users better yardsticks for specification and purchasing. The latest standard, set forth by Underwriters Laboratory (UL), encompasses those developed by IEEE, NEMA, ANSI, and various other agencies.

The Olsun medium voltage transformers are all tested and built to these rigid specifications and assure the purchaser of reliability, safety, and value. These Olsun transformers are economical, can be outdoors with little concern for moisture in severe environments, and are environmentally safe.

Engineered and Assembled in Richmond, IL USA

3 Phase 600 Volt Class Secondary Medium Voltage Specifications

- Aluminum Wound, Copper Option Available
- 150°C Temperature Rise, 80°C Or 115°C Options Available
- 220°C Insulation
- NEMA 1 Indoor Enclosure, NEMA 3R Outdoor Option Available
- ANSI 61 Gray Powder Coat Finish, More Color Options Available

Medium Voltage Through 5 KV
600 Volt Class Secondary –3 Phase

KVA	H	W	D	Appx. Weight	Type
30	42	36	24	550	A
45	42	36	24	650	A
75	42	36	24	950	A
112.5	48	48	30	1350	A
150	48	48	30	1450	A
225	48	48	30	1650	A
300	60	56	36	2100	A
500	60	56	36	2700	A

500	72	70	44	4200	B

**Transforming the Industry with:
Handcrafted Quality • Sophisticated Designs • Superior Materials • Olsun Flexibility**

Olsun Electric is a leading dry type transformer manufacturing company that has been providing solutions in the most challenging environments for over five decades.
